Subject: Statement of Peer-Review for the publication of HIAS14 proceedings

Dear publishers,

Dr. Cédric Simenel

Department of Nuclear Physics
Research School of Physics and Engineering
The Australian National University

T +61 2 6125 1309
cedric.simenel@anu.edu.au

All contributions to the Heavy-Ion Accelerator Symposium (HIAS) 2014 proceedings have been peer-reviewed by anonymous international experts (one referee per contribution) according to international standards and practices. The referees were chosen by the editorial board (C. Simenel, M. Fröhlich, B. Q. Lee, D. Schauries) nominated by A. Wallner, Chair of HIAS14. The authors were given a chance to reply to the referee.

Sincerely yours,

Dr. Cédric Simenel, for the editorial board
